This service will be provided only if the applicable legal regulations (Regulation (EU) 2016/679 – the General Data Protection Regulation) are complied with. The Company will send to the addressee an electronic notification (email message) to notify him about the posting of the consignment, its preparation for pickup at the

The posting data for consignments posted by the senders on the basis of an order placed through an application designated for the purpose must be submitted through the application. In the case of a discrepancy between any information contained in the posting data and the information written on the consignment, the information contained in the posting data will always prevail.
20. If a Balíkovna Plus consignment is posted with the additional service under Art. 31, an attempt at delivery of the consignment at the place given in the postal address will be made within the time limits specified in the Article.

The time limit specified in Art. 31 is also considered complied with if the Company has attempted to deliver the consignment at the place given in the postal address or - in cases specified in Art. 21 below - has requested the addressee to collect the consignment from the relevant post office, Balíkovna or box or has prepared the consignment for pickup from the relevant post office, Balíkovna or box within this time limit without attempting to deliver the consignment at the place given in the postal address.

The time limit specified in Art. 31 is also considered complied with if the addressee has requested delivery of the consignment within a longer period

of time than the time limit specified in Art. 31 and the Company has attempted to deliver the consignment at the addressee's place within this period of time. If the consignment is posted after the time limit announced by the Company for this purpose, or - in case of the additional service under Art. 31 - if the consignment is posted on a Saturday or Sunday or public holiday, the next working day on which this postal service can be requested at the same post office or with the same authorised employee is considered to be the day of posting for the purposes of setting the time limit for delivery under Art. 31.

21. The Company is not obliged to attempt to deliver a Balíkovna Home Delivery or Balíkovna Plus consignment at the place given in the postal address:
 - a) If the declared value of the Balíkovna Plus consignment exceeds CZK 150,000;

22. If the weight of a Balíkovna Plus consignment does not exceed 10 kg and its length does not exceed 50 cm, the sender may ask the Company to handle it with special care in order to minimise the risk of damage due to its standard handling. In such case, the postal service will be provided for an increased price (surcharge for "**Fragile**" consignments). If the sender requests handling with special care for the consignment and posts it with the additional service under Art. 24, the provision of this service including the specified weight and dimensional limits will apply to each piece of the consignment labelled as "**Fragile**." The price of the additional service has to be paid for each such piece.

Additional services and sender's instructions

22. The only **additional services and/or instructions** mentioned in Art. 24 to 33 **available to the sender of a Balíkovna and Balíkovna Home Delivery**

consignment are "Cash on Delivery" ("COD – Remittance" or "No-Card COD") and "Electronic Notification for the Sender." **The sender of a Balíkovna Plus consignment may select one or more additional services and/or instructions** mentioned in Art. 24 to 33. The sender of a Balíkovna Plus over 31.5 kg consignment may select one or more additional services and/or instructions mentioned in Art. 24 to 28 or 30. Consignments over 31.5 kg may not be redirected to a new address chosen by the addressee.

23. "**Multiple Piece Consignment**" – If the sender of a Balíkovna Plus consignment requests that several separately packed pieces (items), posted at the same time and addressed to the same addressee, be delivered together as one consignment, the consignment must be posted with the additional service "Multiple Piece Consignment." The number of pieces posted as one consignment with the additional service "Multiple Piece Consignment" may not exceed 5.

The sender must mark each piece of the consignment posted with the additional service "Multiple Piece Consignment" with the appropriate pictogram in the address label or the acronym "VK", clearly marked next to the address label.

The sender must identify one of the pieces of the consignment as the main piece.

If the sender posts the consignment with the additional service "Multiple Piece Consignment", the sender must mark the serial number of each piece and the total number of all pieces posted as one multiple piece consignment either in the address label of each piece of the consignment; to do so, he must use the form of a fraction, such as 1/5, 2/5, etc., and the piece identified by the sender as the main piece must be marked as the first one. The pieces of the multiple piece consignment must be marked in an ascending order, the distance between the numerators of two successive fractions must be one.

Each piece must also be marked with the posting number of the main mailpiece transcribed next to the fraction.

The instructions and additional services specified in Art. 25 and 26 do not relate to each separate piece of the consignment but to the consignment as a whole.

The "Special Price for Consignments from 31.5 kg to 50 kg" and the surcharges for "Fragile" and

“Cumbersome” services must be paid for each piece of the consignment that complies with the service conditions.

The other instructions and additional services specified in the address label of the piece identified by the sender as the main piece apply to all pieces of the multiple piece consignment.

24. **“Cash on Delivery (COD – Remittance)”** – If this additional service is chosen by the sender, the COD amount specified by the sender (hereinafter referred to as “the COD Amount”) will be collected from the recipient on delivery of the consignment. If the consignment is deposited in a Balíkovna, the addressee may also pay the COD Amount online via a payment gateway. If the consignment is deposited in a box, the addressee must pay the COD Amount online via a payment gateway. The COD Amount may be paid in this manner before the delivery of the consignment. The COD Amount may only be specified in full CZK. The COD Amount may not exceed CZK 50,000. The COD Amount of a Balíkovna Plus consignment may not exceed CZK 100,000 or – if the additional service “Insured Consignment” is used – CZK 1,000,000.

The sender must provide information concerning the payment of the COD Amount together with the posting data for the consignment. The sender may not request remittance of the collected COD Amount abroad. If the COD Amount is written on the consignment, it must be specified in digits, without any spaces or other separators. Any empty space before and/or after the COD Amount must be crossed out so that no other data can be added to it. The Company will be held liable to the sender for the collected COD Amount. The Company has to pay the COD Amount also if a lower amount or no amount whatsoever was collected from the recipient upon delivery of the consignment. The Company will transfer the collected COD Amount to the bank for the COD Amount addressee who maintains an account with the bank; it will do so within three days of its collection from the recipient. In the case of an online payment of the COD Amount, the time limit of three working days for the payment of the COD Amount will be counted from the day of delivery of the consignment.

If a Balíkovna Plus consignment is posted with this additional service and the additional service “Multiple Piece Consignment”, the provision of the service “COD – Remittance” does not apply to

individual pieces of the consignment posted with the additional service under Art. 23 but to the consignment posted with the additional service under Art. 23 as a whole. The sender must attach the above-mentioned data to the piece of the consignment identified by him as the main piece.

25. **“Cash on Delivery (No-Card COD)”** – Senders who have entered with the Company into a written Agreement on the Conditions for Posting Consignments and provide data on consignments in an electronic format may post their consignments with this additional service. In such case, the sender has to use the agreed pictogram in the address label or attach a sticker or the note “No-Card Cash on Delivery” to the consignment. If this additional service is chosen by the sender, the COD amount specified by the sender (hereinafter referred to as “the COD Amount”) will be collected from the recipient on delivery of the consignment. If the consignment is deposited in a Balíkovna, the addressee may also pay the COD Amount online via a payment gateway. If the consignment is deposited in a box, the addressee must pay the COD Amount online via a payment gateway. The COD Amount may be paid in this manner before the delivery of the consignment. The COD Amount may only be specified in full CZK. The sender must specify the COD Amount in the address label; the COD Amount may not exceed CZK 100,000 or – if the additional service “Insured Consignment” is used – CZK 1,000,000. The COD Amount must be specified in digits, without any spaces or other separators. Any empty space before and/or after the COD Amount must be crossed out so that no other data can be added to it. The sender may not request remittance of the collected COD Amount abroad. The Company will be held liable to the sender for the collected COD Amount. The Company has to pay the COD Amount also if a lower amount or no amount whatsoever was collected from the recipient upon delivery of the consignment. The Company will transfer the collected COD Amount to the bank for the COD Amount addressee who maintains an account with the bank; it will do so within three days of its collection from the recipient. In the case of an online payment of the COD Amount, the time limit of three working days for the payment of the COD Amount will be counted from the day of delivery of the consignment.

If a Balíkovna Plus consignment is posted with this additional service and the additional service “Multiple Piece Consignment”, the provision of the service “No-Card COD” does not apply to individual pieces of the consignment posted with the additional service under Art. 24 but to the consignment posted with the additional service under Art. 24 as a whole. The sender must attach the above-mentioned data to the piece of the consignment identified by him as the main piece.

26. **“Electronic Notification for the Sender”** – Senders who provided the Company with the posting data for their consignment through an application designated for the purpose will be sent by the Company an electronic notification about delivery of the consignment to the recipient and other applicable information concerning the delivery of the consignment. The posting data provided by the sender for the consignment must contain an email address to which the notification is to be sent by the Company. The Company will use the email address to notify the sender also if the consignment is not picked up and is being returned to the sender. Notifications are not provided to senders with a written Agreement on the Conditions for Posting Consignments previously signed with the Company.

If the sender posts a Balíkovna Plus consignment with the additional service “Electronic Notification for the Sender” and the additional service “Multiple Piece Consignment”, the provision of the service “Electronic Notification for the Sender” does not apply to individual pieces of the consignment but to the consignment posted with the additional service under Art. 24 as a whole.

27. **“Delivery to the Addressee Only”** – If the sender requests that the Company delivers a Balíkovna Plus consignment to the addressee only; this service is only available for consignments addressed to an individual.

The sender must use an appropriate pictogram in the address label or attach a sticker “Delivery to the Addressee Only” to the consignment.

The additional service “Delivery to the Addressee Only” is not available for consignments with the additional service under Art. 24.

28. **“Longer Collection Time”** – If the sender of a Balíkovna Plus requests that the standard 7-day

collection time during which the notified consignment is ready for pickup at the appropriate post office be extended to 15 days. The sender must include the instruction in the address label.

29. If the consignment is posted with the additional service “Longer Collection Time” and the additional service under Art. 24, the provision of the service “Longer Collection Time” does not apply to individual pieces of the consignment posted with the additional service under Art. 24 but to the consignment posted with the additional service under Art. 24 as a whole. The instruction marked on the piece of the multiple piece consignment identified as the main piece will be decisive for the provision of the service.

30. Balíkovna Plus consignments sent under a special agreement made in writing between the addressee and the Company can be posted with the additional service **“Reply Mail”** at authorised locations. If the weight of the consignment exceeds 31.5 kg, this service must first be arranged by phone. The service price is paid by the addressee who agreed with the Company to pay it instead of the sender. The additional services and/or instructions specified in Art. 24 to 29, 31 or 33 are not available. The declared value of consignments with the additional service under this Article may not exceed CZK 100,000.

31. **“Guaranteed Delivery Time”** – If this service is chosen by the sender, the Balíkovna Plus consignment will be delivered at the latest by 2:00 p.m. the working day after the day of posting. The sender may order delivery on Saturday if the Balíkovna Plus consignment is posted on Friday. This does not apply to Saturdays that are public holidays.

This additional service is not available with consignments over 31.5 kg.

32. **“Insured Consignment”** – If the sender requests that money, activated payment cards and other means of payment; vouchers for goods or services; bills of exchange, cheques and other securities; objects of cultural, artistic or collectible value regardless of their age and price; jewellery,² precious stones, precious metals and products made of them, and other similarly valuable objects worth more than CZK 5,000 be contained in the Balíkovna Plus consignment. If the tape is not marked with print clearly identifying the sender, it has to be provided with at least two signatures or stamps of the sender over the paper tape or under the plastic tape. If the edges of the package cannot be sealed in the manner described above, they have to be tied with a single piece of a firm string. The ends of the string have to be sealed with a seal clearly identifying the sender. At each point of crossing, the string has to be knotted; it has to be made as tight as to prevent its removal without breaking the seal. The above-mentioned does not apply to consignments consisting of an unwrapped thing pursuant to Art. 3(7) of the Basic Postal Terms and Conditions and/or to consignments with content pursuant to Art. 2(4) of the Basic Postal Terms and Conditions whose declared value does not exceed CZK 10,000 or with any other content whose declared value does not exceed CZK 30,000.

The Company will deliver the consignment only in the manner mentioned in Art. 54(a) or 57(0).

This additional service is not available in combination with any of the additional services under Art. 24.

33. **“B2B (Deliver to Business)”** – If an agreement on posting of Balíkovna Plus consignments has been made in writing prior to the sending of the Balíkovna Plus consignment and the first attempt at delivery of the Balíkovna Plus consignment at the place given in the postal address has failed, the Company will, under the terms and conditions agreed in the agreement, make a second attempt at delivery, typically the next working day. If the second attempt at delivery also fails, the consignment will be deposited at the relevant depositing post office.

This additional service is only available for consignments addressed to a natural person – entrepreneur, a legal entity, or another person to whom the Company delivers consignments in the manner set out in the Basic Postal Terms and Conditions for delivery to legal entities. The consignment may only be addressed to a business location with regular opening hours (Monday to Friday during daytime). The required additional

If this additional service is selected, the sender’s data must include the addressee’s mobile phone number or landline phone number; inclusion of the addressee’s email address is optional. A surcharge in accordance with the [Postal Terms and Conditions of Česká pošta, s.p. – Pricelist](#) (hereinafter referred to as “the [Pricelist](#)”) may be charged by the Company in the absence of the addressee’s mobile phone number or landline phone number. These contact details may be used to contact the addressee about delivery of the consignment.

This additional service may not be combined with the additional service “Delivery to the Addressee Only.”

34. **The following addressee’s instruction is available with Balíkovna Plus consignments:**
35. **“Longer Collection Time”** – The addressee may request that the 7-day collection time during which the notified consignment is ready for pickup be extended to 15 days provided that the sender has not selected the additional service “Longer Collection Time.” This time cannot be extended if the sender has selected any of the additional services “No Longer Collection Time,” or “Longer Collection Time,” or if the consignment has been deposited in a Balíkovna or in a box.
36.  - e) “Longer Collection Time” if the addressee requests that the time for collection of the consignment be extended pursuant to Art. 34.

This instruction is not available for consignments deposited in a Balíkovna or in a box.

37. On the basis of a special written Agreement on the Conditions for Posting Consignments previously signed with the Company, the consignments can be delivered to selected authorized establishments such as Balíkovna – Return of Goods. The price for the Balíkovna – Return of Goods is not paid by the sender, but by the addressee, who has undertaken to pay for it in the company's agreement. Additional services and instructions mentioned in Art. 24 to 33 cannot be selected.
38. Other additional services and sender's instructions are not available.

Posting of consignments

39. A Balíkovna Home Delivery consignment may only be posted on the basis of an order placed through an application designated for the purpose.
40. A Balíkovna Plus consignment may only be posted at a post office.
41. The sender must attach an address label approved by the Company to the Balíkovna Plus consignment or a post it together with a completed address label obtained from the Company.
42. Senders who post their consignments under a written Agreement on the Conditions for Posting Consignments must provide the Company, in the agreed manner and at the latest together with the posted consignments, with the posting data for the consignments. If any of the details about the consignments that are to be posted are incorrect, the Company will return the consignments with incorrect details back to the sender.

The sender must specify the required additional services, instructions, and surcharges on the address side of the Balíkovna or Balíkovna Home Delivery consignment in the manner specified in Art. 26 or of the Balíkovna Plus consignment in the manner specified in Art. 24 to 33 or on the address label using pictograms in the format approved by the Company and specify all the required additional services, instructions, and surcharges in the posting certificate. The sender must attach the completed address label to the largest surface of the consignment (hereinafter referred to as "address side").

The address of the addressee on the address label has to be as accurate as possible in order to prevent

doubt as to where and to whom the consignment is to be delivered by the Company. The postal address of a consignment that is to be delivered at a post office, Balíkovna or box must include these obligatory details in the following order:

- a) Identification of the addressee according to Art. 4(2)(a) of the Basic Postal Terms and Conditions,
- b) The word "Balíkovna,"
- c) The postcode and name of the post office, Balíkovna or box.

The postal address of a Balíkovna Home Delivery or Balíkovna Plus consignment must contain the details specified in Art. 4(2) of the Basic Postal Terms and Conditions.

If the weight of the consignment exceeds 15 kg or 30 kg, the sender must use a pictogram in the address label or attach an additional sticker "Over 15 kg" or "Over 30 kg", respectively, to the side of the consignment to which the address label is attached. If the consignment is posted with the additional service under Art. 24 and at least one piece of the consignment weighs more than 15 kg or more than 30 kg, the sender must attach this additional sticker to each piece of the consignment. If the weight of the consignment exceeds 15 kg or 30 kg but the consignment is not marked with this additional sticker, the Company will do so instead of the sender.

43. In the case of posting a consignment on the basis of an order placed through an application designated for the purpose, the address label generated by the application after the submission of the posting data must be attached by the sender to the address side of the consignment. The Company will disregard any information on the consignment outside the address label. Consignments will be accepted without this address label as well; in such case, the sender has to write the name and surname or the addressee's business name on the address side of the consignment (if the addressee's full address is written by the sender on the Balíkovna Home Delivery consignment, it must comply with Art. 42) together with the posting code generated by the application. A Balíkovna Home Delivery consignment without an address label may only be posted at a post office. In the case of the Balíkovna – Return of Goods consignments, the posting data and the address label are generated according to the previous sentences based on the entry of the

return code given to the sender by the addressee. The Balíkovna – Return of Goods consignments can also be sent without an address label, in which case the sender must indicate the name and surname on the address side of the consignment, or the name of the addressee (if the sender will indicate the full address of the addressee on the consignments, it must comply with Art. 42), he must indicate on the consignment the delivery code generated by the application or the return code and, when handing over the consignment, tell the Company the e-mail or mobile phone number of the sender. In the case of a consignment with a return code, it is possible to submit the consignment without entering the dedicated application. Consignments dropped off at a box must have a valid address label firmly attached to the consignment. boxes equipped with a printer enable the sender to print the address label; the sender has to enter the posting code and attach the address label printed by the box to the consignment. Only one consignment may be placed into the offered box. The sender is responsible for properly closing the box.

44. The consignment is deemed posted as of the moment the Company accepts the consignment from the sender or collects it from the Balíkovna location or the box where the sender dropped off the consignment and confirms its acceptance. The Company is entitled to request that the sender prove that the format and packaging of the consignment comply with the stipulated conditions; however, the Company is not obliged to verify whether all conditions have been complied with by the sender. The price of consignments posted on the basis of an order placed through an application designated for the purpose must be paid in advance through the application.

specified in the posting data for the consignment. In the case of a consignment submitted with a return code without using the application, the delivery receipt (in the case of an SMS confirmation of delivery) is sent to the sender's e-mail or mobile phone number provided to the company when the consignment is handed over, or it can be replaced by a special confirmation in the wording determined by the Company.

46. The sender must hand over the Balíkovna Plus consignment together with the posting certificate form. If the sender enters into an agreement with the Company, the posting certificate form can be delivered by electronic means. The sender must always specify the agreed compensation cover (declared value) in the posting certificate; the maximum compensation cover (declared value) is CZK 100,000, or CZK 1,000,000 for consignments with the additional service under Art. 32. The sender must not write the declared value on the address label, address tag or packaging.
